

MAY 2018

Happy May!

This month's Year of Learning workshop will be all about fitness apps. Learn how fitness apps work and which is best suited to you. Next month we will have the OPP coming to run the workshop. Stay tuned for the workshop's date and topic.

Heading out to the garden? BPL has a great selection of gardening and backyard renovation books. Check out some of our favourite titles below:

From the Library

Featured Library Service

Did you know your Library card gives you free access to the Ebsco Small Engine Repair Reference Center?

You can find repair manuals for ATVs, generators, boat motors, outdoor equipment, and more. Look for this great resource on the Library's website or click the logo to be directed to the site. Access is free with your Bracebridge Public Library card!

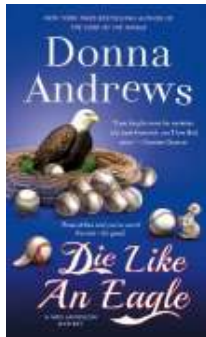

The Staff Shelf

Kelly is one of Bracebridge Public Library's pages. Library pages shelve, shift, and shelf read books and other library materials. Shelf reading ensures that books are where they are supposed to be when people look for them. Thanks Kelly!

Reading:

"Die Like An Eagle"

Watching:

"Scorpion"

Tech Tips

There has been a lot of buzz recently about privacy for social media accounts. Privacy and permissions for websites and apps usually offer a variety of options to make your account more or less visible depending on your needs. Determining what your needs are for an account is the first step to finding the right privacy settings for you.

To change the privacy or permissions of a website or app, look under your profile for "Settings". Once you open the privacy tab in your settings you can customize your account. Consider what you use your account for. If you are using your account for personal reasons the privacy settings will be different than if you were using it for work or business.

If you have any questions about changing your settings for a specific account you can ask one of our Information and Digital Services Librarians on the second floor of the Library .
